

Bob Thurman

Bob has been a financial advisor to individuals and closely held corporations for more than forty years. He enjoys helping people discern their life purpose using biblical principles. By discerning God's divine design in us, he believes we are better able to uncover His divine intent and walk more closely in alignment with His calling.

One of Bob's greatest passions is to accurately declare and defend God's truth among family and friends, as well as in the marketplace. He passionately believes that having a biblical worldview is essential to living life wisely—in alignment with God—and bearing fruit that is pleasing to God.

After entering a personal relationship with Jesus as a teenager, Bob attended the University of Texas where he majored in liberal arts and biblical languages. He graduated from UT with honors in 1972 and entered Dallas Theological Seminary where he focused his studies on Greek, Hebrew, and theology. During his years at seminary, Bob developed a passionate conviction of the inspiration and inerrancy of Scripture.

Following his theological studies, Bob felt led to enter the marketplace where he continued to apply biblical principles in the financial services industry. In addition to his advisory role, Bob has always valued the importance of providing exemplary customer service and compassion for his clients. Recognized for his strong values and ethics, he was appointed as compliance officer of his financial services firm, overseeing the suitability of all investment accounts for more than fifteen years.

Bob's desire to reflect God's nature was notably demonstrated in the purposeful way he raised five children. He sacrificially loved and served them, seeking to help them understand that God desires an intimate relationship with each of them and that He has a purpose and destiny for their lives.

Bob has lived most of his life in Dallas. He is married to Gay, and they love investing their time and resources in their grown children and in their grandchildren. Bob and Gay are presently members of Sojourn Church, a non-denominational church in the Dallas area.
